To: BELINDA NAUS.
HA RA.

Hi Belinda - Hope the business is still going strong. Finally, after about a year, I am getting to write to you.

Our staff here at Bundaberg City Motor Inn, still use the Haka products faithfully, & after all this time, the cloths are still in "top" condition - (always washed with care). The cleaning programme in the units has been simplified, costs are less without the chemicals, & the units are sparkling. We have had no complaints, in fact, only compliments, & we are all still as enthusiastic as the first week when we started using them.

Thanks for introducing us to "Haka".

Sincerely,

Rob & Penny Halpenny

(managers - Bundaberg City Motor Inn).
