Dear Richard

I am writing to tell you that we are extremely happy with the HA-RA cleaning range of products that we are using in the Sterilizing Services Department at Flinders Medical Centre. We are using the products in a wide range of areas that you probably would not have considered. For your information I will list the product and use.

Viva- Ultra Cleaning surgical instruments
Viva- Mini Cleaning surgical instruments & normal dish washing .
Natura environment cloth. Dusting
Natura glove . Damp dusting.
Window cleaner. For cleaning the stainless steel front panels of sterilizers.
Floor express, Green for cleaning wet floor areas in decontamination room
Floor express, Blue for cleaning inside of steam sterilizers.

As you can see we are using your product for a very diverse range of areas.

Yours Sincerely

Dorothy Siemensma
