Dear Bindy and Leon,

It is now just a couple of weeks since joining as "the greenest clean" Licence Holder and we are over the moon.

First of all the sales of the Ha-Ra products developed faster than we expected and your support, gave us new motivation and inspiration to develop our existing Vacuum cleaning business as well.

We are looking forward to beat the \$5000 sales per week that is over \$20,000 per month and the extra \$6,600 profit put us really on the right side of the ledger.

We are looking forward to the Marketing training next week Tuesday and implementing your ideas in our new Ha-Ra and excising Vacuum cleaning business.

Thanks for having us on board we look forward to a long and happy working relationship.

Best Regards

Marg Rob and Grant
