Dear Bindy and Leon

It is now just a couple of weeks since joining as "the greenest clean" Licence Holder and we are over the moon.

First of all the sales of Ha-Ra products developed faster than we expected and your support gave us motivation and inspiration to develop our existing vacuum cleaning business as well.

With the great margins and the excitement generated by this added Ha-Ra range to our store we are confident in reaching goals for sales previously achieved. We know the potential of Ha-Ra in todays market and the profits that there are to be made.

e.g. \$5000 sales per week that is over \$20,000 per month PROFIT \$ 6,600

We are looking forward also to the Marketing training next week on Tuesday and implementing your ideas in our new Ha-Ra and existing vacuum cleaner business.

Thanks for having us on board we look forward to a long and happy working relationship.

Best regards

Marg Rob and Grant
